

Privacy Policy

The purpose of the privacy policy is to inform the visitors of the www.airscan.hu website about the personal data managed and stored on the site, as well as about the data protection rules. By using this page, you acknowledge and accept what is described in the document.

Full legal name: AirScan Kft.

E-mail address: info@airscan.hu

AirScan Kft. (hereinafter: data manager) takes data protection rules seriously and respects the protection of your personal data. Our goal is to handle your personal data in a safe and transparent manner and to provide you with adequate information about its use.

In the data protection information you will find the important information that you can use to understand the terms of use of the site and data management. Please read the privacy policy carefully and feel free to contact us if you have any questions.

1. Personal data managed and stored on the www.airscan.hu website

When you visit the page, the system automatically collects the necessary data for the operation of the page and the analysis of visits. Data collected includes the following:

- Date and time the page was opened
- Visitor's IP address
- Type and version of the browser used by the visitor
- Type and version of the operating system used by the visitor
- The addresses of the pages opened by the visitor
- The visitor's activity on the site

The aforementioned data is collected and stored by an external service provider called Hotjar for the purpose of improving the operation of the site and analyzing visits. The data manager does not connect the above data with the personal data of the website visitors. The data manager may use the aforementioned data for marketing purposes.

We only collect the personal data of visitors to the site if they provide it voluntarily, for example, if they send a message on the site's message board or if they register on the site. The data manager collects only the personal data that is necessary for the use of the site and that is voluntarily provided by the site's visitors. The data manager will not pass your personal data to third parties, unless the transfer of data is necessary to achieve the data manager's business objectives.

2. Purpose of data management

The data manager uses your personal data for the following purposes:

- Operating the site and helping the use the site
- Managing and responding to messages sent by you
- Dealing with questions and problems related to the use of the site
- Analyzing visitors and improving the operation of the site
- Achieving the data manager's business acquisition goals
- Marketing and remarketing activities

3. Legal basis for data management

The data manager processes your personal data based on your voluntary consent. You can withdraw your consent at any time and the data manager will stop processing the data.

4. Duration of data management

The data manager manages your personal data for as long as it is necessary to achieve its goals. When the purpose of data management has been achieved, the data manager deletes your personal data or anonymizes them so that they cannot be linked to You.

5. Data security

The data manager applies security measures to protect your personal data. The data is saved on a secure server, and only authorized employees can access it.

6. Transmission of data to third parties

The data manager will not pass on your personal data to third parties, unless the transfer of data is necessary to achieve the data manager's business objectives.

7. The possibility to request the abolition and modification of data

The personal data provided by you can be deleted and modified by the data manager at any time. Upon your request, the data manager will delete the personal data you provided and modify them. You can send your request to the e-mail address info@airscan.hu.

8. Use of cookies

The website www.airscan.hu uses cookies. Cookies are small text files that the site stores on the visitor's computer, and which can be used to optimize the operation of the site. With the help of cookies, the site recognizes the visitor and collects information about the use of the site. You can disable cookies in your browser, but this site may not function properly.

9. Additional information on the protection of personal data

The data manager will do everything in order to protect your personal data and adhere to data protection rules. If you have any questions about data protection, please feel free to contact us at info@airscan.hu.

The data protection information can be changed from time to time, so you should read it regularly. The latest data protection information is always available via the link at the bottom of the page.

The information contained in the data protection information is established by the Data Protection Act and the relevant EU legislation.

If you have any questions about data protection, data management or the privacy policy, please contact us at info@airscan.hu.
